ARSENY LUKONIN

Russia, Saint-Petersburg
24.05.2000
+79042156629
lukonin004@gmail.com
http://github.com/Ckefy

EDUCATION

09.2018 - present — **ITMO University, Russia, Saint-Petersburg**
Bachelor Degree
Infromation Technologies and Programming Faculty 01.03.02

09.2007 - 06.2018 — **Technical Lyceum**
Graduated with golden governor`s medal

EXPERIENCE AND PROJECTS

2021 - present — **Tinkoff Intership - Frontend**
Developing bot using Typescript with Angular framework

2020 — **Frontend**
Yandex course of Frontend - JavaScript, HTML, CSS.
https://github.com/Ckefy/Frontend

2020 - 2021 — **Parallel-Programming**
Implementations of some concurrent algoritms on Java and Kotlin
(hashMap, queue, stack and etc)
https://github.com/Ckefy/ParallelProgramming

2019 - 2020 — **Web-Programming**
Univetristy course with Mike Mirzayanov (creator of Codeforces) HTML, VueJS, Spring, FreeMarker, SQL, Web-design with CSS Building own site with theese technologies
https://github.com/Ckefy/Web

2018 - present — **Parsers in Java - Java Paradigms course in the University**
Markdown to HTML converter
Parsing Clojure, Prolog and JavaScript to Java
https://github.com/Ckefy/Java-Paradigms/tree/master/Programming

2018 — **Solving N-puzzle**
Implementation of A* search algorithm to solve any puzzle with random size
https://github.com/Ckefy/Personal-Projects/tree/master/Puzzle

2017 — **Autocomplete**
Searching engine to find all strings with the same prefix
In a future (with some optimization) project can be used to build own Google, Yandex and etc.
https://github.com/Ckefy/Personal-Projects/tree/master/Autocomplete

2017 — **Randomized queue and deque**
Implemetation of C++ data structures - randomized_queue and deque
https://github.com/Ckefy/Personal-Projects/tree/master/Deque

2015 - 2017 — **Summer informatics school in Moscow Institute of Physics and Technologies (MIPT)**
Learning basic and advanced algorithms

SKILLS

- ✓ Language: Java, C++, JavaScript **(Angular, React, jQuery)**
- ✓ Knowledges: Web-programming and design, algorithms and data structures, discrete math, theory of probability, math analysis
